

POLICE REPORT MADE

In Three Months Have \$1,000
More Than the Mets

HAD IN SEVENTEEN

Total Amount Given to City
Treasurer \$4,470.94.

Under Home Rule the city has collected from the Police Department:

	Gross	Net
July	\$2,498.20	\$1,405.20
August	\$2,620.47	\$1,565.74
September	\$2,750.00	\$1,500.00
Total	\$7,868.67	\$4,470.94

Money turned into City Treasurer during the seventeen months under the Metropolitan Police Commission: \$3,450.00. An average of \$203.00 per month.

For the three months that the police department has been in the hands of the city and divorced from the pernicious metropolitan police commission system, the department has handed over to City Treasurer Kernan the magnificent sum of \$4,470.94. Taxpayers cannot but marvel at this splendid record, especially after the records which have been made by previous boards. It is wonderful, and too much credit cannot be bestowed upon the mayor and chief of police and his able assistants.

Summer months are usually dull ones in police circles. Yet the city has received during the three months under the present regime \$1,000 in round figures more than the old board turned in in seventeen. The figures are there and they speak for themselves. They can't lie.

In July, the first month, when all was new to the heads of the department and city government, the net sum of \$1,405.20 was paid over to the city treasurer. In August this amount was increased. It amounted in this month to \$1,565.74. Although the figures given for September are approximated, they are so nearly correct that the difference, if any, will be trifling when the report is given to the city clerk. If there is any change it will be a slight increase.

It will be noted that during this month the gross receipts exceed those of August, while the net receipts are less. This is explained. The Buffalo Bill Wild West Show was here on the 11th. It was necessary on that day to have several extra policemen. Then during the whole week of the fair there were extra men to work, to protect the visitors, citizens and business houses. During fair week the bill was filled with suspicious characters. The bill for meals consequently was largely increased. Then the patrol wagon, which gets 50 cents for every trip, was called out a great deal more during fair week than usual. The expenses were \$4,470.94 more than during September than in August.

The council passed an ordinance providing that whenever the funds from the police department exceeded \$1,000, clear of all expenses, the amount should be paid to the park fund. The \$1,000 going into the general fund. This makes, with the liberal contribution made by Mayor Ross, in July for the amount received during September, both from his salary and the department, \$1,565.74 now in the park fund. The average amount which will go to the parks from the police department alone will be \$500. At this rate it won't be long until the parks will be the most in the land. They are exceptionally beautiful as it is, and there has been very little money spent in that direction. With the amount which will be in hand next spring, it will greatly increase the beauty of the parks.

KNOCKED FROM A STREET CAR
A. W. Sickner Meets With a Painful Accident
Yesterday morning about 5:30 Professor A. W. Sickner, head of the Sickner Commercial College, was severely injured by being knocked off a Fairmount street car just as it had passed First street. Professor Sickner was riding to Fairmount street college to give some pupils instruction. He got on the rear end of the car and sat there until the car passed First street. He then concluded to go forward. The professor stepped out on the running board to accomplish his desire. One of the iron poles struck him on the left shoulder and threw him from the moving car. His head struck the stone pavement, cutting several ugly gashes in his head. For a few minutes the spectators crowded about, expecting every second to see him around to pick up, as his head was extremely close to the hind wheels. He was picked up by Constable Thomas Voss and Charles Mosbacher and taken to his mother's home, over Steel street, where he was lying on a cot. His head was bandaged and dressed the wounds. He was unconscious for several minutes. After being attended to by Dr. Shultz Mr. Sickner was placed in a cab and sent to his home on West Barry street. It will be several days before he will be able to get out.

QUAIL SHOOTING OPENS TODAY
Thousands of Birds Along Hedge and Roadside.

The quail shooting season opens today and for two months "Bob White" will have to make use of all his wits to escape the numerous line wing shots of this vicinity. Quail are exceptionally abundant this year, every hedge and grassy place being alive with them. Many an enjoyable afternoon will be spent by quail-shooting enthusiasts with the result of a

Catarrh, scrofula,
And all forms of
Impure blood.

good appetite and quickened circulation, and, incidentally, as a reward for their skill and perseverance, qualify on board for breakfast.

RICE'S PROSPERITY

RESIGNS AS POLICEMAN
Because Work Is Pleasant Under McKimley

Another indication that there is a building boom on in this city was received at police headquarters yesterday morning. It is the following letter from Policeman Rice and explains itself:

Wichita, Kan., Sept. 30, 1898.
To the Honorable Mayor, City Council and Chief of Police of the City of Wichita.
Gentlemen—It is with regret that I am compelled to tender my resignation to you as policeman of the Sixth ward. I have been treated with uniform kindness and courtesy by all of the officers of the city government and members of the police force, but owing to the wave of McKimley property that is now sweeping over the country, the demand for contractors of stone work, which is my business, has so increased that in justice to myself and family I am compelled to sever the pleasant relations heretofore and now existing between myself and all members of the police force, and to accept a contract in my line of business. Yours very respectfully,
JAMES H. RICE.

Ex-Policeman Crawford has been appointed to fill the vacancy caused by Mr. Rice's resignation.
In speaking of Mr. Rice yesterday, Chief of Police Jones said that he was very sorry to lose so valuable and efficient an officer. Always courteous, always on hand for any duty, however arduous, always affable and pleasant, he made an ideal officer and one that the force regret to lose. Mr. Rice's associates all wish him well, and know that he will succeed, under the McKimley wave, now blowing a gale in Kansas.

ODD FELLOWS MEETING

Planning to Get the Orphans' Home Located Here.
At the union meeting of all the I. O. O. F. lodges last night in their hall at 123 North Main street, the report of the local committee was read and received. The meeting was a secret one, and the details were not made public. However, the greatest enthusiasm prevailed and all were of one accord. The members are going to use all honorable means to get the Orphans' Home located in this city. It will be located at the Grand lodge meeting which convenes in Topeka on October 11.

FREDONIA TEACHERS HERE

Came Here to Inspect the Methods Used in City Schools.
Yesterday morning the following teachers from the Fredonia public schools visited this city and inspected the methods in use here: J. R. Thierstein, H. S. McFadden, W. C. Lewis, Misses Fannie Butta, Elvora Park, Olla Teter, Mabel Jenner, Clara Perkins, Beatie Condit, Harvie Wood, Sadie Wood and Jennie Foster. They were shown over the city and schools by Superintendent Dyer and paid very flattering compliments on the school management and systems in vogue in this city. Most of them left for their homes last night, but several remained over until today to get a better sight of the city.

HORSE'S LEG CUT BADLY

Mrs. Stites' Animal Injured Yesterday.
Yesterday afternoon about 4 o'clock, while Mrs. Anna Stites, her baby and Miss Adams were driving on South Main street in a break, the hind leg of their horse slipped on the wet pavement just in front of George Ross' shop. The hind leg in some inexplicable manner cut a dreadful gash in the back of the horse's right fore foot. The horse was taken to the stable. The injury may impair the animal's usefulness.

NEW WELLS FARGO AGENT

E. H. Stevens Relieves Acting Agent Reynolds.
G. B. Reynolds, who has been acting agent for the Wells-Fargo company at this place since the promotion of Mr. Maxwell, will go to Wellington this morning to resume duties as agent at that point and E. H. Stevens assumes charge of the office here.
Mr. Stevens was formerly cashier at Guthrie, O. T., and for a short time was route agent on the Pittsburg and Gulf railroad, but was compelled to discontinue the road work on account of his health.

TANKERSLY AND DRAKE

And Bound Over to Court on a Second Charge.
George Tankersly, Ed Drake, Roy Hain and George Peachin were up in Justice Knoche's court yesterday on a second charge for assaulting Alf Lewis. The first was brought by Earl Evans last week, at which time all but Tankersly were discharged. Tankersly and Drake were bound over yesterday and the other boys discharged.

FRANK NEWLIN IS HOME

Is a Full Fledged Soldier at Fourteen Years.
Frank Newlin, who was in company C, of the Tenth Kansas volunteers, under Colonel T. G. Patch, returned home on Thursday night. He is at his home on Seneca street. He is only 14 years of age, but being large physically for one so young he passed for 16 and having had the consent of his parents he went to war. He is highly pleased to get home and see his parents and school friends. He was not sick a day while in the army.

BOTH WANT HOTEL

Struggle Begins Today for the Occidental.

GUVER WILL FIGHT IT OUT

Boothon Has It Leased and Will Bring Suit.

Today a novel proceeding in the struggle for Wichita property begins. Mr. Boothon, of Oklaheena, I. T., will bring suit to get Charles Guver out of the Occidental hotel. Mr. Boothon arrived here yesterday. He says he leased the Occidental from the owner, Henry Stunkel, and was to have possession on September first. Mr. Guver says he was paying the rent and had the price for each month in advance. He says that he was not given the legal thirty days' written notice, and that he was not to be evicted until the end of the month. He says he was not to be evicted until the end of the month. He says he was not to be evicted until the end of the month.

Then Mr. Helm, Mr. Stunkel's attorney, served the notice on Mr. Guver, that he would be expected to vacate the house by October 1. The time is up today. Mr. Boothon has leased the place and is there to take possession.
Mr. Guver says as he was given the promise that if he wanted to pay the \$30 he would not be molested, and as it was all money down he didn't want to be evicted until the end of the month. He says he was not to be evicted until the end of the month. He says he was not to be evicted until the end of the month.

It will take about fifteen days yet by law to get Mr. Guver out.
Whatever may be the merits of the contest, it is a significant proceeding. It is only the best of business enterprises that men grapple for. Business houses in Wichita are secured now only by the shrewdest business tact and after a contest over every inch of the ground. Hotels are most susceptible and the trust barometers of the revival in business interests. There is a stand to hand contest for the Occidental. The Metropole is being refitted and refurnished throughout and will be ready for occupancy by the first of the year. A handsome and roomy addition is being built.
Mr. Boothon says when he gets hold of the Occidental the interior will be repainted and all furnishings put in new. The field of business operation in Wichita is getting more and more valuable, as witness the increasing keenness of the contest for place.

WILL NOT BRING SUIT

Marshall Will Not Sue the Rock Island.
John Marshall of Mount Hope writes the Eagle that he has no intention of bringing a suit against the Rock Island for damage by the wreck at the Rock Island crossing. The statement was made in the Eagle on the authority of a personal friend of Marshall's.

FIRE DEPARTMENT OUT

Put Out a Small Fire on College Hill Yesterday.
The fire department had a long and wearisome run yesterday afternoon at about 3 o'clock. An alarm of fire was sent in from the Children's Home on College Hill. The department responded quickly. Upon their arrival they found a small street prairie fire which had got beyond the control of the residents. It was only a few minutes before the department had it out. No damage was done. The department had a run of over two miles.

NEW FOUNTAIN IN RIVERSIDE

Of Bronze and Will Quench the Thirst of All.
City Engineer Jackson yesterday received the new bronze fountain which is to be erected in the Greifengarten part of Riverside park. It will be located at the junction of the loop. It is about 3 feet across and 14 feet high. It has a cement bottom and will stand for years. Water will flow in copious quantities for both man and beast. There are three little pipes which throw out a jet of water some three or four inches high. There will be no cups there, but a person is supposed to put his mouth over it to get a drink as long as there is a thirst. It is one of the many improvements which are constantly being added to the park.

TOPEKA REFORM SCHOOL

Methods to Be Investigated by Gov. Leedy.
The Reform school at Topeka is to be investigated, so says Mr. Leedy's private secretary. P. A. Rohrbaugh, who wrote to Governor Leedy some days ago asking in the name of the humane society for an investigation of the Reform school, has received a reply from the governor's private secretary, Mr. Lewis. Mr. Rohrbaugh's letter referred to the treatment of Lloyd Miller as told by Miller himself, and published in the Eagle. The boy's condition was published just as the boy's father told it to a representative of the Eagle. Mr. Leedy's reply follows:
Topeka, Sept. 28, 1898.
"P. A. Rohrbaugh, Esq., Wichita, Kan.
"Dear Sir and Brother—I have your letter of the 27th inst. relating to the manner in which the boys are treated at the Reform school and the matter will be investigated. A large number of cases of a similar character have been taken up and a careful investigation has invariably brought to light the fact that whenever punishment has been inflicted it has been deserved and a necessary feature in order to maintain discipline. Whenever it has been found necessary to punish these boys the punishment has never been inhuman, but has always been tempered with mercy and justice. The investigations have developed the further fact that almost every one of these complaints has originated through some discharged employee who, animated not by a desire for justice, but by a desire to discredit the present administration, has taken this means of gratifying spite. The people of the state should take into consideration this fact—that the children who are sent to the Reform school are invariably incorrigibles who are beyond the control of their natural guardians, and the idea of placing them in care of the state is to place them where they can be brought under discipline and can not escape from it. I am not familiar with this particular case which you refer to, but will make immediate inquiry relating to it. Very truly yours
J. W. LEEDY, Jr.,
Private Secretary."

119-121 N. MAIN THREE FLOORS ELECTRIC ELEVATOR

A New Baby in the Neighborhood

The 13-cent "Tame" in the copper case are 14 cents today.

attracts the attention of both maids and matrons, not because of the fact that there is a new baby but because that particular baby is new. In many respects the baby (bless its little heart) is like countless thousands that have come before, and yet it is different from each and every other baby of them all.

Its newness makes it so, and that is also one of the attractive features about our dependable clothing for boys and children. There is not a single Fall or Winter garment for little fellows among the piles and piles in our daylighted children's department that was here last year. Each and every separate piece is spick and span, brand new. New in style, new in color, new in material and new in being priced so near to nothing. Three-piece Vestee Suits are priced as low as \$2, and today we put on sale another lot of those Military Suits (infantry officer's full dress) at \$6 the Suit, which is a dollar less than we got for the former lot.
